• Capacity	15GB (Actual formatted capacity of HDD100 will be less)

System

• Output power	2x5mW (16 Ohm)
• Frequency response	20-20.000Hz
• THD	0.01%-0.1%
• Equalizer	5-band DSP controlled
• Buffer memory	32MB for approx 30 min music buffer (depending on bitrate)
• USB connection	USB2.0 (USB1.1 compatible)
• Display	4-level grayscale, 160x128 pixels
• Backlight	White superbright LED
• Battery	Built-in 1200mAh Li-Polymer
• Lens	Hardened optical glass
• Encasing	Die-cast molded magnesium

Connections

- Stereo headphone
- Wired remote control
- Mini USB (B-type)
- DC power supply
- Combined analog and digital input

General

• Product dimensions (inch)	4.2 L x 2.5 W x 0.8 H
• Packaging dimensions (inch)	9.9 L x 6.0 W 2.5 H
• Master carton dimensions (inch)	10.3 L x 6.4 W 3.5 H
• Weight (oz)	5.9
• Master carton quantity	1
• Country of origin	China

Accessories

- 5-key in-line remote control (AY3779)
- Hi-quality in-ear headphones (SBC HE570/77P)
- Travel pouch (AY3274)
- USB2.0 compatible cable (AY3911)
- Multi voltage AC/DC power adapter/charger (AY3192/17)
- CD-ROM with software and full user manual (AY3498)
- Quick-Start-Guide

Software

• Media management	Only via supplied Media Management Software
• General data storage	Directly accessible via Windows Explorer (Mass Storage Device Class compliant)
• PC system requirements	OS: Windows 98SE or later
• Software	Internet connection (for other IFU languages than English, and for future firmware upgrades)

Direct MP3 recording
Record directly to MP3 files via built-in microphone and digital or analog line-in connection.

MP3 and WMA playback
You can play MP3 files as well as Windows Media Audio files.

SuperScroll™ keys for faster navigation
Double action search buttons allow easy speed control when scrolling through large libraries. You can choose to move through your playlist one song at a time or just press and hold down a little harder to SuperScroll™ swiftly to your desired track.

Programmable genre-linked equalizer
Depending on the genre, the player can automatically select the desired equalizer setting. And with 4 traditional presets: Rock, Pop, Jazz and Classic, you can easily tag your music by genre. So the next time you play a particular track, it will instantly recognize your chosen setting.

Super-fast USB2.0 PC connection
Supports the new USB2.0 standard enabling the speedy transfer of data between USB connected devices at 480kbps. It is also backwards compatible with the old USB1.1 standard, so a USB1.1 computer port will work with HDD100 using the same by packed cable and connectors.

Can be used as external hard disk
Connects through USB to be used as a spare portable HDD storage via Windows Explorer. 15GB of immense storage capacity allows you to pack an entire world of music and data into your HDD100.
